A SPACE READY FOR THE IDEA

FP Presents works with the venue team to shape custom layouts, production, decor, lighting, entertainment, and guest experiences around your event.

The Rosemary Room

The Rosemary Room is a sophisticated, 1920s inspired speakeasy connected to Vintage Sofa Bar through a secret door. The intimate venue pairs classic cocktails and elevated small bites with live jazz performances, creating a refined experience rooted in the elegance, mystery, and energy of the Prohibition era. The room features an exposed ceiling, spacious bar, pool table, piano, and several comfortable seating areas. An adjoining patio provides additional seating, heaters for cooler weather, and direct access to the venue.

While the space has a distinctive identity of its own, it is also incredibly versatile. In partnership with The Rosemary Room team, FP Presents can transform the venue to match the theme, style, and vision of each event. Wall to wall curtains, specialty lighting, custom layouts, furnishings, decor, and immersive details can all be used to create an experience that feels entirely unique. The room can feel like an intimate cocktail lounge one evening and become an elegant dining room, high energy celebration, or fully themed environment the next.

Expert bartenders provide friendly, attentive service and excellent drinks throughout the event. The bar team can create custom cocktails inspired by your theme, occasion, or personal preferences. Small bites and catering options are available, and FP Presents can coordinate DJs, live musicians, and other entertainment. For fully private events, professional security staff can manage guest check in and help ensure the celebration remains exclusive to invited guests.
